**A POOR KIND OF SPORT**  
Protests are being made respecting the practice of pitting strong college football teams against weaker divisions of smaller schools, whereby the stronger teams run up scores of 60 or more to nothing.

This practice is certainly a perversion of sport. It is as unbecomingly as would be a ring battle between a heavyweight and a bantam.

The weaker team is made handicapped and trampled over in a manner which is nothing less than disgraceful. How spectators can get any enjoyment out of such an exhibition is inconceivable.

It may be that players of the inferior teams are willing to undergo the drubbing they get for the sake of saying that they have played against such big college or university, but such games are not good for sport or sportsmanship.

And the interest of the game such unequal contests should be eliminated in future.

Shrinking, embarrassed, she looked at him. "Woman, where are those things accusers? Hath no man condemned thee?" he inquired, as if in surprise.

Amazed at the sudden turn of affairs, she could hardly find her voice.

"No man, Lord," she murmured, brought to judgment before a man! They were all alike, in her philosophy, what would this one do and say?

**A POOR KIND OF SPORT**  
Protests are being made respecting the practice of pitting strong college football teams against weaker divisions of smaller schools, whereby the stronger teams run up scores of 60 or more to nothing.

This practice is certainly a perversion of sport. It is as unbecomingly as would be a ring battle between a heavyweight and a bantam.

The weaker team is made handicapped and trampled over in a manner which is nothing less than disgraceful. How spectators can get any enjoyment out of such an exhibition is inconceivable.

It may be that players of the inferior teams are willing to undergo the drubbing they get for the sake of saying that they have played against such big college or university, but such games are not good for sport or sportsmanship.

And the interest of the game such unequal contests should be eliminated in future.

## Gov. Roosevelt's Margin In Alabama Is 173,235

Gov. Franklin D. Roosevelt, Democratic nominee for President of the United States, received exactly 173,235 more votes in Alabama than his opponent, President Herbert Hoover, Republican nominee for re-election. It is shown by the official count of ballots cast at the election of November 8, in Alabama, completed Saturday by the State Canvassing Board composed of Gov. Miller, Atty.-Gen. Thos. E. Knight, Jr., and Secretary of State Pete B. Jarman, Jr.

The vote for President is recorded in the balloting for presidential electors for the participating parties. The Democratic candidate for elector to receive the highest total of votes was L. R. Tucker, with a total of 207,910.

Frank H. Latron, with 24,675, got the largest total of votes cast for elector for the Republican party. The high-water mark reached by a communist candidate was 405, while the biggest total for the Socialist party was 2,030.

Though the prohibition party failed to qualify for participation in the general election in this State, the name of that party's nominee was written on two ballots cast in Houston County.

The same count showed the defeat by heavy margins of all of the nine proposed constitutional amendments. The vote on the income tax and bond issue amendments showed the following: Income tax, for 75,718; against 115,630. Bond issue, for 58,139; against 157,884.
